X International Conference on Ultrafast Optical Science

UltrafastLight-2026

Lebedev Physical Institute (LPI), Moscow, Russia
21 – 24 September, 2026

Conference website: **www.ultrafastlight.ru**
Conference e-mail: **ultrafastlight@lebedev.ru**

Conference scope:

- *Ultra-intense electromagnetic fields, strong-field phenomena and nuclear photonics*
- *Ultrafast processes in ionized gases*
- *Ultrafast dynamics in condensed matter*
- *Ultrafast laser technologies in microoptics, nanophotonics, integrated optics and optoelectronics*
- *Femtosecond radiation in spectroscopy and optical frequency metrology*
- *Ultrafast optical technologies and nonlinear optical phenomena*
- *Ultrafast laser technologies in biomedicine*

The participation in conference is free of charge.

Chair
Nikolay Kolachevsky
(LPI)

Vice Chair
Andrey Ionin
(LPI)

Vice Chair
Sergey Kudryashov
(LPI)

1 June	30 June	21 September
Abstract submission deadline	*Paper acceptance notification*	*Conference opening*

Each conference day starts by a plenary session.
Sectional sessions consist of invited talks (25 min), contributed oral talks (15 min) and flash talks (3 slides/5 min), promoting the following poster presentations.
There is also an option to register as a non-presenting participant.
